## Twenty-Fifth Anniversary

Gleichen Lodge number 36 on the Register of the Grand Lodge of Alberta celebrated the twenty-fifth anniversary of the giving of its character on the evening of All Saints 1932. Masons from Milo, Queenstown, Arrowwood, Rosebud, Standard, Strathmore and Calgary gathered for the occasion and seventy-five sat at the table.

The business of the lodge was rapidly dispatched and all gathered about the banquet table where Mr. Wor. Bro. T. R. Beach presided. Three of the charter members were present: Wor. Bro. A. R. Yates, Very Wor. Bro. Duncan MacBean and Bro. W. E. Durstan. A letter from Wor. Bro. Stocken was read expressing his regrets at not being able to be present. Wor. Bro. James Black led the choir singing and Bro. Egglese, Lewis and Brown provided the instrumental music.

A story of the early days was given by Bro. A. R. Yates. In the early part of 1907 a meeting was called in the Bank of Commerce for the purpose of organizing a lodge. Those present were, Revs. H. W. G. Stocken and C. Peck, Messrs. A. R. Yates, W. R. McLeod, Duncan MacBean, Isaac Smith, A. E. Fearnam, W. F. Durstan, James Craig and Dr. Sheets. The charter was given on October 31, 1907 and the officers were W. M. Rev. H. W. Stocken; S. W. A. E. Yates; J. W. W. R. MacLeod; Chaplain Rev. C. Peck and Secretary I. Smith. During those early days W. Ferguson and Capt. Gordon of Strathmore gave great assistance to the lodge.

At first the meetings of the lodge were held in the old Gleichen Hotel and many humorous incidents of those early days were recalled. Later lodge met in the Larkton Block and they had just lately moved above the store of T. R. Beach when the building burned and all records were lost. It was not 'till 1915 that the present building was acquired.

Duncan MacBean recalled incidents of those early days and contrasted them with the present prosperous condition of the Lodge. He felt that their labors had been exceedingly abundant and that the Lodge had surpassed the most glowing hopes of those early days.

W. F. Durstan was too far away to take a very active part in management of the Lodge and recalled some of the trips across the open road and for some reason feels have a kind of nightmare for him.

Just before closing Rev. Bro. House gave a brief and illuminating talk on the apron. Shortly after midnight came the call for the Junior Warden's toast and all felt that a landmark in Gleichen's history had been passed.

Betty Rhea and Dorothy Jean Jones spent a few days last week with their grandparents, Mr. and Mrs. G. T. Jones at Gleichen.

There will be no Sunday School service at the United Church next Sunday morning owing to the united service in the Church of the Brethren, when Dr. H. A. Barton will preach. All Sunday School children are urged to attend this service and hear "this outstanding speaker."

## Remembrance Day Service Well Attended

## Several Injured When Cars Collide Saturday Night

An automobile accident which very nearly ended in tragedy occurred last Saturday night about a half mile east of Mossleigh on the Sunshine Trail when cars driven by Arthur Tharlie and Chester Johnson crashed head on. Tharlie was on his way from Mossleigh to Arrowwood to pick up some ladies before going to the dance at Mossleigh and Johnson was on his way to the dance. The cause of the accident has been attributed partly to the fact that the car driven by Johnson had only one light and this was insufficient to give him a clear view of the road, so that when making his way up the hill on the West Arrowwood, the cars met. Tharlie, seeing that danger was ahead, pulled to his side of the road and was nearly stopped when the crash came.

Fatal injuries were sustained by the occupants and Mary Leslie's injuries were the most critical, her scalp being very nearly removed. At present she is receiving medical treatment at the Mackie home and is recovering slowly.

Chester Johnson received cuts about the mouth which also necessitated several stitches.

Isabel Horning also was badly hurt about the legs and face. Mary Leslie, Sister Kelly and Arthur Tharlie were very badly shaken up and bruised while Floyd Elkins and Fred McColman escaped without injury.

The collision occurred at about 9:45 p. m. and the victims were immediately brought to Arrowwood where Dr. Llesner rendered medical treatment.

With the exception of Mary Leslie, all the injured are making rapid recovery.

Both cars were damaged extensively.

suitable leader in charge is one of the best assets a town can possess. And that a suitable man must be a man of character, a mere good man and the who can do the "funtia" himself and take keen joy in seeing the younger fellows get control of their bodies. He does not have to be a part, or particularly trained, but the man in every town is three quarters the success of the gym. Many towns know from experience that investment in gym space and apparatus has brought little or no results. In gym, or else where what the lad needs is the big brother.

## Colds and Pneumonia

We entering the season of the year when colds are most prevalent. Colds, if neglected, may result in the serious condition called pneumonia. It is well to consider what we may do to guard against colds, and if we do contract them, how to prevent serious consequences. In order to guard against colds we should look after our general health. This means an adequate amount of sleep in a bedroom, the window of which is open wide enough to keep the air cool and in gentle motion. It also implies eating a good, mixed diet, but not overheating and drinking plenty of water. Sufficient clothing should be worn to protect the body from chilling and to keep it dry. Overclothing does more harm than insufficient clothing as it causes excessive perspiration and, later on, chilling. Out of door clothing should be removed indoors, as it is too warm for the indoor temperature. Unless he removes his outer clothing indoors the person is apt to become chilled when he goes outside again.

Colds are spread from one individual to another, so you should avoid coming in contact with people who have colds. The hands should be thoroughly washed before meals, and common drinking and eating utensils should be avoided. These simple precautions will help you to keep the germs which cause colds from gaining entrance to the body.

Do not dose yourself with medicines. The body can be kept healthy by hygienic living. Drugs will not be required, nor can they take the place of the reasonable care the body requires to keep it healthy and resistant to disease.

If at any time you feel feverish or ill, or if the symptoms of a cold appear, there is only one place for you to be—in bed. Beyond question, the best place

for those who are suffering from a respiratory infection, whether it be the common cold or influenza, is in bed. Have enough bedclothes to keep you warm, and open the window sufficiently to keep the air of the room cool and in gentle motion.

There is no drug or other remedy which acts as a specific cure for a cold. No medicine should be taken excepting what is ordered by your doctor. Drink a great deal of fluid, such as water, milk, fruit juices and clear soups.

If you remain in bed until you fully recover, you are taking the practical measure to prevent pneumonia or other serious complications. There is danger in getting out of bed too soon. The fact that many persons recover from colds does not alter the fact that it is among these same careless people that most of the pneumonias develop.

Avoid colds, but if you contract one, go to bed.

## Now is the Time for a Good Stove

No baking today can excel the old fashioned cooking done in the old iron ranges; ranges that held the heat for a long time and had the large oven with the heavy cast iron doors so suitable for baking thoroughly, the big roasts and batches of bread.

Every woman knows, however, how hard it was when the cooking was finished, to blacklead and polish the old style stove and keep the cast iron top and body polished and bright.

The modern Renfrew farm range has been constructed to retain the heat and do the work better than the out of date range.

In other words, the new Renfrew range has all the modern conveniences of a city gas or electric stove, without losing in any way, the cooking and heating qualities of the old fashioned cast iron ranges. These stoves are worth having in your home. Be the proud owner of a Renfrew Acorn kitchen range.
